This again was a development pioneered by Mercantile Credit who initiated an early relationship with what has now become Talbot. This developed further in 1978 by the formation of Anglo French Finance Company trading as Peugeot Finance.

During 1980 arrangements with other leading manufacturers, or concessionaires, including Vauxhall, Opel and Alfa Romeo were developed. A prestigious new plan with Porsche was also launched.

One of the most important facilities available through Mercantile Credit is car leasing, which in the last few years has become a major source of fleet finance for the corporate customer. It has the advantage that, for all practical purposes, the buyer can continue to deal with the local distributor with whom he has established relationships.

Mercantile's deep involvement with every aspect of the motor trade enables it to provide an unrivalled service to the manufacturer, the dealer, the corporate sector and to the man in the street.

METROPOLITAN POLICE

Stand No. 63 (F)
New Scotland Yard,
London S.W.1.
Telephone: 01-230 1212

METROPOLITAN Police Crime Prevention Officers and Traffic Patrols are acknowledged experts in their own fields. Get their advice on protecting both your car and your house. Traffic Patrol Officers and Traffic Wardens will advise you on how to get the best out of your car, driving safely and parking legally.

Your house and your car probably represent the largest single purchases you make in your lifetime. The risks of being burgled or having your car or its contents stolen, or having an accident, are, regrettably, increasing daily. Who knows? Getting a bit of friendly advice could save you a lot of money and a load of grief.

MICRO DYNAMICS

Stand No. 58j (F)
P.O. Box 51,
Caterham,
Surrey CR3 6UD.
Telephone: 0883 49604

ENGINE protection systems, smoothcut rev limiters, turbo control systems, performance electronic ignition, road car ignition systems, mains powered boost starter. Also DC welders and converters for no-burn welding of thin body panels and non-ferrous metals. Fluorescent Worklite, the 12 volt Stick-of-Light, over 2ft long with high output and low consumption.

MIDAS CARS

Stand No. J1 (G)
D. & H. Fibreglass Techniques Ltd,
St Lukes Road,
Corby,
Northants NN18 8AJ.
Telephone: 053 66 60044

Midas: well proven

disc front, drum rear are fitted. GRP monocoque construction with lifetime corrosion guarantee; alloy wheels; reclining front seats; folding rear seat; colour matched trim.

Performance: Max. speed 105mph; 0-60mph, 10.5 secs; 48mpg at steady 70mph.

MORGAN MOTOR COMPANY

Stand No. G.2 (G)
Pikersleigh Road,
Maivern Link,
Wors. WR14 2LL.
Telephone: 068 45 3104

MORRIS Stapleton Motors Ltd have been a London distributor for Morgan since 1968, when Douglas, Bruce & John Stapleton (the Stapleton Brothers were soon well known for their racing Morgans) opened their agency in South Kensington next to Earls Court. Here representing the factory they are showing their three latest models.

*Morgan + 8
Rover V8 2 seater. 0-50mph = 5 secs.*

"The Morgan Experience" is a completely unique feeling. Even for the experienced driver who has not sat behind a Morgan wheel before, the surge of good humour and sheer enjoyment can be something of a surprise.

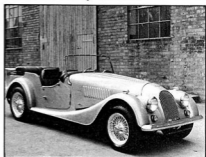

The cars are still built in carefully limited quantities by the Malvern craftsmen. A wood frame and the sliding pillar front suspension are legends in themselves, but what probably keeps the insatiable demand so constant is that the cars are very fairly priced for the performance they deliver and their excellent resale values.

*Morgan 4/4 2 seater
Ford power, excellent performance*

Peter Morgan has always resisted expanding production and today his judgement is vindicated by a continuing steady stream of customers for the traditional Morgan recipe.

The casual observer might be tempted into thinking that Morgan is just an honest recreation of yesterday, far outpaced by more modern designs when it comes to speed. Yet the 1981 motor racing season has seen Morgan V8s capable of battling for overall honours with the Mayfair sponsored Porsche 911 of Tony Lanfranchi.

*Morgan 4/4 4 seater
The same as the two seater, but with 2 extra seats.*

MISTA BRIGHT LTD

Stand No. 38 (F)
Windsor Works,
Wilbury Grove,
Hove,
Sussex.
Telephone: Brighton 70227

MISTA Bright Ltd of Windsor Works, Wilbury Grove, Hove, look forward to welcoming you to their Stand No. 38 at the 1981 Motorfair, to see a display and demonstration of their Mista Bright Glass and Silver polish.

This product, when used on any metal work has the quality of cleaning and retarding tarnish, and is thus useful on silver, silver plate, brass, copper, chrome and rhodium.

On glass surfaces such as windscreens, rear windows, mirrors and such, it cleans and prevents misting and is invaluable also to anyone who wears spectacles, minimising their vulnerability to place their users in embarrassing situations through misting.

MODENA FOR FERRARI

Stand No. C.7 (G)
Plummers Plain Garage,
Nr. Horsham,
Sussex.
Telephone: 040376 466

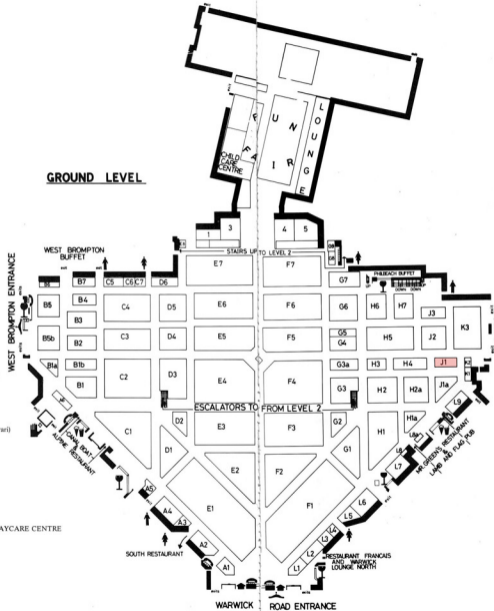

DISTRIBUTORS:
Modena Engineering Ltd,
Station Garage,
East Horsley,
Surrey.
Telephone: 04865 4663

THIS, the most recent off-shoot of Modena Engineering Ltd of Horsley, Surrey, is the Ferrari distributor for Sussex. We also offer Rent-A-Ferrari and Dial-A-Ferrari services. For the 365 BB Spyder we are able to provide a special rebuild, converting the classic collector's Boxer into spyder body style.
